

OHS STAFF RUNDOWN

SCIENCE DEPARTMENT

Heather Cavitt

Science Department Chair: Integrated Science & Anatomy Med

Ms. Cavitt is one of our strictest, but definitely one of our most respected teachers at OHS. Ms. Cavitt expects a lot from students, but she cares about them and wants to see them succeed. She has a tough exterior, which at first can be intimidating, but once you get to know her you will find her to be funny, easy to talk to, and very kind. She's very loved at OHS.

"I love OHS because it is part of who I am as a person. I was born and raised a RED DEVIL and have spent over half of my life here (26 years to be exact). I am a proud alumna (Class of 1993), teacher, and coach. Pride and Tradition never graduate! #FILD" - Heather Cavitt

Alaina Gant

Science Teacher: AP Environmental Science, Biology,

Mrs. Gant is a very efficient and organized teacher. She provides her students with quality lessons and activities everyday and is great at getting her students engaged in class. Mrs. Gant is very approachable and incredibly easy to talk to. Students can speak to or confide in her with any concerns they may have and she will help in any way she can.

"I am so fortunate to work with such amazing kids and colleagues. OHS is truly one-of-a-kind and I am so proud to be a Red Devil. Everyday is a new opportunity to make a small difference in a big way!" - Alaina Gant

Katie Scott

Science Teacher: AP Biology & Biology.

Mrs. Scott is very gregarious and intuitive. She is able to build strong, trusting connections with her students and because of this she is able to notice when a student is struggling to grasp a concept and will quickly adapt the lesson so the students understand. Mrs. Scott is also very creative and can turn any idea into something incredible.

"OHS is all about school pride and a positive culture. I love that this school encourages learning and growth not only in students but also in teachers and staff. I enjoy spending time with my students and strive to help them do their best and reach their goals." - Katie Scott

Chad McCollam

Science Teacher: Chemistry & Intro to Chemistry, Physics

Mr. McCollam is such a fun and engaging teacher. His bright personality and ability to find new and innovative ways to explain the curriculum engages his students and makes it very easy to pay attention during his class. There is always something new and fun going on in Mr. McCollam's classroom.

"OHS is my home away from home. The 3H is my address and the memories of the students who have flourished there are legendary." - Chad McCollam

Marcie Baldwin

Science Teacher: Forensic Science, Dual Credit Chemistry, Intro chem/physics.

Mrs. Baldwin is an exceptional teacher. She doesn't tolerate nonsense and expects the best because she knows you're capable of it. Mrs. Baldwin is tough on her students and will constantly push them to work harder, but she will NEVER give up on her students. If you give her a chance you will find her to be a very loving and insightful person who you can learn a lot from.

I think of OHS as home because of the students that I see grow and amaze me every day. I appreciate how my students include others no matter who they are. I want to make sure my students are prepared for whatever path they choose for their future. - Marcie Baldwin

Skyler Stewart

Science Teacher: Integrated Science

Mrs. Stewart is a very amiable and easy-going teacher. She is able to get along with all types of different personalities and is very loved by the students. Mrs. Stewart knows the expectations she has for her students greatly affect their achievement; she makes sure to have positive and supportive interactions with her students.

"OHS just feels like home! It has been such an incredible opportunity to come back and be a part of the community that has always given so much to me. As a fourth generation Owensboro High School graduate, F.I.L.D is a way of life." - Skyler Stewart

Austin Woodward

Science Teacher: Integrated Science & Biology,

Mr. Woodward is a very passionate teacher. His love for science really shines in his teaching and drives engagement in the classroom. Mutual respect is big in his class and provides a supportive, collaborative environment. Mr. Woodward is continuously growing, learning and improving, reflecting on his practice every day making continuous changes and improvements.

"I get to work with some awesome people--especially my students. They've really convinced me that I'm doing exactly what I'm meant to do with my life. I've gotten so much support at OHS as a newer teacher from the admins and my coworkers; they all really want me to succeed. There's so much love and respect in this building from the bottom to the top. No school is perfect, but OHS is pretty darn close." - Austin Woodward
